

## **Privacy Notice**

Since our founding, the Community Foundation for Southeast Michigan has been committed to maintaining the confidentiality, integrity and security of personal information entrusted to us by current donors, potential donors, professional advisors, the officers and staff of nonprofit agencies who approach us for funding, and the people that they serve.

Like all organizations with a web presence, the Community Foundation for Southeast Michigan receives standard tracking data: information from your browser, including your IP address and the page you visited, is recorded in our Web site server logs. This data is analyzed internally to determine how to best provide information to visitors to our Web site. No personal information is collected during the tracking process.

Information that you provide to us by filling out online forms is located on a secure server. We have put into effect appropriate procedures to safeguard and secure the information we collect online. Once you provide us with personal or professional information, that data remains confidential. We will not share any information you provide with any individual or organization outside of the Community Foundation for Southeast Michigan.

We do not collect or maintain information from those we know are younger than age 13, and no part of our Web site is designed to attract anyone under 13. In the event that we learn that we have inadvertently collected such information from a child under 13 without parental consent, the information will be deleted from our database as soon as reasonably possible.

The Community Foundation for Southeast Michigan may amend this notice from time to time. Such changes will be publicly posted in this area of our Site.

If you have any questions or suggestions, please contact us.
