

# 2012 Yearbook

## Our mission is to enhance the quality of life in southeast Michigan.

---

We promote and facilitate community philanthropy in the seven counties of Wayne, Oakland, Macomb, Monroe, Washtenaw, Livingston and St. Clair, and we also help donors invest in organizations they care about nationwide.

We do this by:

- Making strategic investments in programs and organizations that benefit the region
- Equipping organizations and the public with knowledge and information that will lead to positive change
- Building endowment — community capital — to meet our region’s needs today and tomorrow, and
- Providing expert assistance to donors and their advisers in their charitable planning.

# Message from the Chair and President

Nearly three decades ago, the Community Foundation for Southeast Michigan was established because our founders saw the need to build permanent charitable capital – endowment – as an important resource for our region. Indeed, in the face of a challenging economy, the importance of endowment has been evident to all. It has been heartening to witness our region’s continued generosity, as caring people support the community and the causes they care about. As we see the signs of better times ahead, we are proud to continue our service to this giving community and to support the many promising activities that are moving our region forward.

In 2011, the Community Foundation authorized more than \$49 million, through more than 2,800 grants, to support a wide range of charitable activities. Our assets at year-end totaled more than \$565 million. We thank our donors for providing more than \$32 million in new gifts and for establishing 36 new funds.

Strong investment performance also contributed to our growth. In a year of continued volatility in the financial markets, the Community Foundation’s endowment investment performance ranked first nationwide in comparison to similar-sized community foundation peers – reflecting, in part, the strength and discipline

of the Community Foundation’s investment program. This strong return is certainly good news, both for us and also for the more than 170 nonprofit agencies that are building endowment with us. These organizations work with us because they understand the importance of building endowment to provide permanent income that will help sustain their work in good times and in bad.

Our partnership with the Max M. and Marjorie S. Fisher Foundation, the Community Foundation Challenge–Emergency Food & Shelter, wrapped up this year with a series of educational programs to help the staff and board members of emergency food and shelter providers from across the region learn to be more effective in raising funds from individuals. Hundreds of people attended these training programs, which helped nonprofits learn to compensate for declining levels of state and federal support by becoming more adept at raising money from individuals. For those organizations, securing gifts from new sources is an ongoing challenge in these uncertain times.

Our year-end education campaign about the expiring state charitable tax credits resulted in a significant increase of contributions – not only to the Community Foundation, but to other charities, as well. Over the years,

these credits have helped generate millions in charitable giving, and we thank our partners at Detroit Public Television and Team Detroit for their hard work and dedication in raising the public’s awareness of the expiring credits. We are grateful to the many donors who chose to take advantage of the credits to support the nonprofit organizations that are working to improve the quality of life in our region and across Michigan.

Looking ahead to 2012, we invite you to join us on Mode Shift: Move Together, [www.wearemodeshift.org](http://www.wearemodeshift.org), our just-launched online hub that engages people in helping to create more connected and livable communities. Mode Shift offers valuable news and information on topics ranging from urban planning and public health to street design, biking safety, social equality issues and transportation legislation. It also offers a Take Action Toolkit that allows site visitors and members to directly connect with each other and take specific actions to impact the communities in which they live.

We would like to thank the extraordinary trustees of the Community Foundation for their valuable expertise and guidance. We express our special thanks to Anthony F. Earley Jr. and James D. Farley, who completed their service in 2011. And we are also grateful for the hard work

and dedication of the staff and volunteers of the Community Foundation.

In the report that follows, we highlight four of the central attributes of the Community Foundation: vision, innovation, permanence and our regional focus. We invite you to learn about some of the program investments that we believe illustrate how we carry out our mission. Above all, we want to thank you for your generosity and determination to make southeast Michigan a better place for all its residents. You inspire us and support our work in countless ways. Thank you.

# Programs and Grants

Through our grantmaking, the Community Foundation for Southeast Michigan seeks to build a stronger, more competitive region by encouraging regional thinking and cooperation, fostering innovation and creative solutions, and leveraging additional resources for area organizations and communities.

In 2011, we awarded more than \$49 million to a wide range of charitable organizations and activities. On the following pages you will find a small sample of the nearly 2,800 grants made by the Community Foundation last year. Many grants responded to the current pressing needs of our community, funding the vital work of many of the region's charitable organizations.

The Community Foundation also continues to invest in long-term positive regional change through multiyear initiatives that target specific issues such as the GreenWays Initiative and the New Economy Initiative for Southeast Michigan. We bring together dollars, knowledge and expertise from local and national sources to strategically focus on challenges and opportunities in the region.

**Vision**

The Community Foundation for Southeast Michigan has the ability — and the responsibility — to envision what is possible, and then to make it happen. We have a vision of healthier children, more beautiful parks and greenways, more connected communities and a stronger economy. That is why the Community Foundation supports programs and initiatives that require foresight, commitment and perseverance. We work with our partners to bring extraordinary things to pass, one step at a time.

**BOOM! The New Economy — Entrepreneurial Training for Baby Boomers**

As one of the region's premier business accelerators and incubators, TechTown was well-positioned to respond to a Community Foundation request for a program tailored to the needs of displaced workers over the age of 55. They created a program called *BOOM! The New Economy* to provide training and mentoring to help people launch "encore careers" as entrepreneurs, and to identify many creative and fulfilling alternatives to traditional retirement. The program also advocates for "generational diversity" in the workplace, and matches older professionals with internships at companies started by young entrepreneurs.

Learn more about encore careers.

**Midtown Greenway Loop**

The nearly two-mile Midtown Loop Greenway, now in its second phase of construction, connects some of Detroit's leading cultural and educational institutions with walkways featuring raised plantings, unique lighting, public art and safer pedestrian crossways. When complete, the Midtown Loop will be part of more than eight miles of uninterrupted, landscaped greenways running from Wayne State University to Belle Isle. Supported by the Community Foundation's GreenWays Initiative, this project is just one example of the Foundation's long-term vision to improve the quality of life in southeast Michigan.

**Detroit Symphony Orchestra Extends its Reach**

The Detroit Symphony Orchestra (DSO) is one of southeast Michigan's premier cultural institutions, widely recognized for its performances and innovative educational outreach. Support from the Community Foundation is helping the DSO realize its vision of offering all residents of the region access to world-class arts and cultural experiences. To their ambitious schedule of live performances in historic Orchestra Hall and satellite concerts throughout Wayne, Oakland and Macomb counties, DSO musicians have added education programs in the schools, developed a heightened profile on public television, and created a new digital initiative that delivers meaningful online experiences to audiences worldwide.

**Baldwin Stars' Fit for Life Program Promotes Healthier Children**

For the first time in history, many children in our region are not expected to live as long as their parents. A key reason for this forecast is the fact that obesity has become an epidemic. As an early leader in the fight against childhood obesity, the Community Foundation supports projects that get children moving and encourage them to pursue healthier lifestyles. A grant from the Community Foundation's Detroit Auto Dealers Association Charitable Foundation Fund is helping the Baldwin Center in Pontiac create a comprehensive physical fitness program for the nearly 200 school-aged children in its care each week. Guided by the latest research from Oakland and Michigan State universities, the Baldwin Center is helping children buck the trend of inactivity by making exercise a habit that can last their whole lives.

**Planning Study for East Side "Work and Play" Marina District**

Promoting a vision of what is possible can lead to change. For decades, the Detroit riverfront was industrialized and inaccessible to residents. Nearly 10 years ago, the Community Foundation supported planning for the now heavily used Detroit RiverWalk. Farther east on the Detroit River is a 1.5-mile riverfront area, called the Marina Industrial District, which has great potential for development. A Community Foundation grant is helping the East Jefferson Corridor Collaborative and other community groups create a comprehensive plan that blends and balances a mix of industrial, residential and recreational districts so that the area will become a great place to live, work and play.

# Funds of the Foundation

The founders of the Community Foundation believed it was important to build a strong, vibrant southeast Michigan for both current residents and for generations to come. They knew that pooling the professional and financial resources of the community would foster the innovation and creative solutions needed to improve the quality of life for all people throughout the region. For more than 27 years, caring and civic-minded individuals, families and organizations have established more than 900 funds at the Community Foundation to do just that.

The funds of the Community Foundation reflect the varied wishes of their founders — whether the fund is a permanent endowment or a donor advised fund reflecting a donor's current interests. Many endowment funds provide lasting support for a charitable cause or specific organization, while others provide the Community Foundation with flexibility to meet the region's ever-changing needs and seize important opportunities that arise throughout southeast Michigan.

In all cases, these funds help to connect those who care with causes that matter. Our Board, volunteers and staff honor the intent of the donors to the Community Foundation by ensuring that the grants made from each fund follow the purposes intended by the founders of these funds — both now and into the future.

## Named Funds

Donors may establish a named fund as a legacy of their commitment to the community or to a particular cause. Donors who desire no public recognition of their charitable giving can also use named funds to protect their anonymity. Whatever the donor's wish, creating a named fund at the Community Foundation is simple and takes little time. The results, however, will last forever.

### AAA Michigan Fund

Michigan's automobile association committed \$100,000 in 1987 to create this flexible fund.

### Access to Recreation Endowment Fund

This fund supports charitable programs and projects that increase access to recreation activities in southeast Michigan.

**Innovation**

Game-changing discoveries don't always require large financial investments. A bit of creativity, experimentation and luck can uncover innovative new approaches that benefit the region. Sometimes a breakthrough comes from a solitary "eureka" moment, but a new partnership can be the catalyst, too. Increasingly, advances in technology are changing how we view challenges and opportunities in southeast Michigan — sometimes prompting us to fundamentally shift the way we look at issues and frame solutions. The Community Foundation supports innovative ways of addressing problems and seizing opportunities. Often this involves encouraging nonprofit organizations to take a risk just outside their comfort zone, or to re-evaluate their operations or business model.

**Accelerate Michigan Innovation Competition**

The Accelerate Michigan Innovation Competition is the world's largest business plan competition, offering \$1 million in cash prizes for the best business ideas that are located in — or willing to relocate to — southeast Michigan. The competition has become a catalyst for new talent and has attracted the attention of venture investors worldwide who come to coach, advise and invest in Michigan businesses and entrepreneurs. This

is just one of the successful projects started by the New Economy Initiative. Now in its fifth year, this joint project of 10 national, regional and local foundations working together has invested more than \$51 million in support of innovation and job creation in our region.

**Boardwalk Connects Macomb County Greenways**

The Clinton River has contributed to southeast Michigan's commerce and development for more than a century. It is an important recreational hub and also a key link in Macomb County's greenways network. The Community Foundation's GreenWays Initiative is supporting the expansion of a riverfront boardwalk that will eventually connect a walking and biking trail to the Metro Beach Metropark. The investment creates a healthy, non-motorized way for visitors to enjoy an important regional waterway — and completes a 30-year project to revitalize the Mount Clemens riverfront and develop pedestrian access along the Clinton River to Lake St. Clair.

**Improving Day Care Quality**

We know that high-quality early childhood education is critical to child development. But for many low-income families, finding affordable child care means turning to caregivers who lack proper training and resources. To help raise the bar on the quality of child care, a Community Foundation grant is helping the Women's Caring Program work with 45 home-based child care providers in Monroe, Oakland and Wayne counties who want to improve their skills. The program, modeled on methods developed by the Michigan-based Great Start Collaborative, will help hundreds of young children in our region enter school more ready to learn, and be more likely to lead successful lives.

## Permanence

The Community Foundation is a permanent source of philanthropic capital for our region. This permanent capital gives us the ability to respond to immediate needs in the region and to take a long-term view of the best ways to build our communities. Particularly during periods of economic adversity, the Community Foundation can protect and strengthen the civic assets we treasure, and preserve them for future generations.

### Long-Term Impact with Permanent Endowment

In 1986, Elizabeth M. Wight's endowment bequest was the first estate gift ever received by the Community Foundation. Ms. Wight cared deeply about improving the quality of life of those with impaired hearing or sight. Over the past 25 years, hundreds of individuals have benefited from her generosity. Her endowment gift also demonstrates the multiplier effect of prudent investing, having grown to nearly twice its original size. At the same time, it has provided more than \$850,000 to help people with impaired hearing and sight, and will continue to do so in perpetuity.

Watch a short video about Elizabeth Wight and her gift.

### Supporting Agencies and Those They Serve

In 2011, Forgotten Harvest joined the more than 170 nonprofit agencies that have established permanent endowment funds with the Community Foundation. We help organizations build this permanent source of income by providing assistance in building endowment, including a full range of marketing and planned giving support. As a part of the Community Foundation, these endowment assets are pooled for investment, ensuring that all funds, no matter their size, receive outstanding investment performance with modest fees.

## Donor Advised Funds

Donor advised funds that are not endowed also provide donors with a simple yet flexible way to connect to the causes they care about. The following donor advised funds were established by donors who want to retain the ability to recommend grants from their fund. The Community Foundation is pleased to support and assist donors to these funds in their current charitable giving.

### Transforming the Landscape Through Greenways

More than 100 miles of Community Foundation-supported greenways now connect more than 80 municipalities across the seven counties of southeast Michigan. Working with our public and private partners, the Community Foundation has transformed the region's landscape. These greenways are remarkably diverse, yet they all represent a lasting legacy and an investment in helping people lead more active, healthier lives. The Community Foundation's GreenWays Endowment also provides a permanent source of support to develop and maintain connected walking and biking pathways and open spaces across the region.

Watch a video about the first 25 years of the Community Foundation.

### Flexible Endowment for Community Needs

The regional focus of the Community Foundation, coupled with its permanent philanthropic capital, means that future generations will be able to draw upon our expertise and resources to address their most challenging problems and fulfill their most ambitious plans. Support for flexible endowment at the Community Foundation represents a vote of confidence in tomorrow's community leadership and a brighter future for southeast Michigan, come what may.

## Regional Affiliates

### Partners Enhancing Arts and Culture in the Community

The Purple Rose Theatre Company has earned local and national awards and is a special place in the regional arts community. The Chelsea District Library was named "The Best Small Library in America" in 2008 for its excellence in meeting the lifelong cultural and informational needs in the community. A grant from the Chelsea Community Foundation supports a partnership between these two important community organizations to commission new plays by Midwestern playwrights, and to inspire community and youth involvement through staged readings and workshops. The theater's 2012 production "White Buffalo" was commissioned through this program.

### Dental Clinic Treats Livingston County Residents

VINA Community Dental Center provides essential preventive care and treatment — ranging from cleanings and oral cancer screenings to fillings and extractions — for low-income Livingston County residents who would otherwise seek treatment in urgent care facilities when dental problems arise. A grant from the Community Foundation for Livingston County allowed VINA to expand its clinical area, meaning that staff and volunteer dentists, along with dental students from the University of Michigan, can treat up to three times as many people at its location in Brighton.

**Community Foundation for Livingston County Fund**

This is the general endowment for the Community Foundation for Livingston County. Established in 1991, this endowment supports charitable activities in Livingston County.

Bob and Betsy Herbst established this fund to provide permanent support for educational, scientific, literary, cultural and charitable activities that enhance the quality of life for residents of Livingston County.

**Imelda “Mel” and Ralph LeMar Scholarship Fund**

Established in 2000, this fund provides scholarships to students graduating from Fowlerville High School who plan to study chemistry, physics, mathematics, or electrical or mechanical engineering.

**Supporting Organizations**

A supporting organization is a separate corporation managed by the Community Foundation. Supporting organizations offer donors significant advantages – favorable tax status, and full participation in grantmaking and investment activities – while avoiding the financial and management burdens private foundations often encounter. Supporting organizations also take advantage of the professional support of Community Foundation staff to assist in the administration of their funds. Donors may establish new supporting organizations or terminate existing private foundations into the Community Foundation.

**The Gilmour-Jirgens Fund**

Allan D. Gilmour, former vice chairman of Ford Motor Co., established this affiliated foundation in 1995 to support charitable organizations and activities of interest to him and Eric C. Jirgens. Grants from The Gilmour-Jirgens Fund are selected by the fund’s five-member governing board.

**Harry Malynowsky Fund**

This fund was created in 1993 by Mr. Malynowsky to support nonprofit educational programs that serve the residents of Livingston County.

**Parke Family Fund**

Founded in 1993 by John Parke Jr., this fund provides support in perpetuity for charitable activities that improve the well-being of the Livingston County community.

**John P. and Janet V. Rex Family Fund for Livingston County**

The John P. and Janet V. Rex Family Fund for Livingston County, established in 1997, supports charitable organizations and activities throughout Livingston County.

**Patricia Joann Riley Memorial Fund**

This fund was established in 2002 by Clyde Riley in memory of his wife, to support and promote educational, scientific, literary, cultural and charitable purposes, primarily in and for the residents of Livingston County.

**H.W. Sr. and Pearl S. Scofield Fund**

The generations of the Scofield family established this fund in 1991 in honor of their parents and grandparents, H.W. Sr. and Pearl S. Scofield. The fund supports and promotes a broad range of charitable activities that directly benefit the residents of the city of Howell and the surrounding townships of Howell, Genoa, Marion and Oceola.

**Dr. Roscoe V. and Barbara D. Stuber Fund**

Dr. and Mrs. Roscoe V. Stuber created this fund in 1996 to support charitable organizations and activities throughout Livingston County.

**Westran Scholarship Endowment Fund**

Named in honor of Roy A. Westran, retired president of Citizens Insurance Company of America, this fund was established in 1993 to provide scholarships for students planning to pursue careers in the insurance industry.

**Robert H. Tannahill Foundation**

Robert Hudson Tannahill, a philanthropist and avid patron of the arts, created the Robert H. Tannahill Foundation in 1961. The foundation affiliated with the Community Foundation in 2001. At that time, it was valued at approximately \$54 million. Today, the foundation continues to support the eight nonprofit organizations selected by the late Mr. Tannahill.

**Donors to the Foundation**

We extend our deepest gratitude to our donors who, in 2011, entrusted more than \$32 million in gifts to the Community Foundation. The list that follows includes those who made gifts to meet the changing needs of the region and to build the endowments of more than 170 charitable organizations.

Since 1984, thousands of individuals, organizations, families, businesses and other foundations have worked with the Community Foundation to fulfill their charitable interests. We want to thank everyone who entrusted their charitable wishes to us 27 years ago, as well as those who are investing with us — in the region and in institutions — today.

## What Do You Care About?

For more than 27 years, the Community Foundation has been helping donors fulfill their philanthropic goals. Here are some of the ways the Community Foundation can help you make the most of your charitable dollars:

- **We help you with strategic philanthropy and personalized grantmaking.**

What is your vision for the future? How would you like to make a difference? Either through personal, one-on-one conversations, or by working with your professional adviser, we help you create giving solutions that reflect your personal values, motivations and goals. Our staff can even tell you about grant opportunities that meet your charitable objectives, and provide you with information regarding research on or educational opportunities in areas of interest to you.

- **We work with gifts of any size and donors at every level of giving.**

What does it take to become a donor? Getting started is easy, and there is no reason to wait. The Community Foundation can help every donor find the right charitable-giving tools to match their stage of life and their preferred level of giving. As a result, everyone can experience the satisfaction of making a difference in the community — and every gift matters.

- **We multiply the impact of your gift dollars by pooling them with other gifts and grants.**

How can your donation, no matter how large or small, make an even greater impact on the causes you care about? It's simple: Because the Community Foundation

accepts gifts from hundreds of individuals and organizations each year, we are able to pool gifts from donors who share common interests. In this way, we can increase the dollars available to invest in a particular cause. This is the power of collective, community philanthropy.

- **We help any gift have both an immediate and a long-term impact.**

How can you support your favorite cause both now and in the future? If you make a gift to endowment, it becomes part of a permanent pool of assets that, each year, generates funds to support charitable causes. Over time, as the endowment grows, it produces more charitable dollars that go back into the community. This means that your gift today keeps on giving forever!

- **We honor your charitable intent forever.**

How do you know that your gift will continue to support the causes you care about long after you are gone? By partnering with the Community Foundation, you are assured that the charitable dollars you entrust to us will always serve the purpose you intended. The Community Foundation's Board of Trustees oversees all grantmaking and carefully stewards the charitable assets our donors have contributed over the years.

For more information, please contact a member of the philanthropic services team at 313.961.6675, or visit [www.cfsem.org/make-gift](http://www.cfsem.org/make-gift).

## Advisory Committees

Each year, hundreds of individuals volunteer their time and expertise to help the Community Foundation achieve its mission of enhancing the region's quality of life.

These dedicated community leaders are involved in many aspects of the Foundation's work, from awarding scholarships to raising funds to reviewing grant proposals. They represent diverse backgrounds, experiences and professions — physicians, business owners, judges, teachers, financial advisers, religious leaders, high school students, retirees — and share a wealth of knowledge about our community. We are grateful to all of our volunteers, whose dedication and commitment exemplify the philanthropic spirit of southeast Michigan. The Community Foundation is pleased to recognize and thank the individuals who, over the past year, served on the following committees.

## Endowment Investment Highlights

While the Community Foundation endowment is always managed with a long-term perspective, it is important to note that for the year ending December 31, 2011, the Community Foundation's endowment investment performance ranked first nationwide in comparison to similar-sized community foundation peers. These results were reported in the Council on Foundations' Investment Performance Survey of Community Foundations, and were based on responses from survey participants with assets ranging from \$100 to \$500 million. In addition, in the Independent Consultants Cooperative Peer Universe, a comparison among a customized universe of endowments and foundations of similar sizes, the Community Foundation's 2011 endowment returns ranked in the top 15th percentile. In a year of volatility and uncertainty in the financial markets, these excellent peer rankings reflect the strength and discipline of the Community Foundation's investment program.

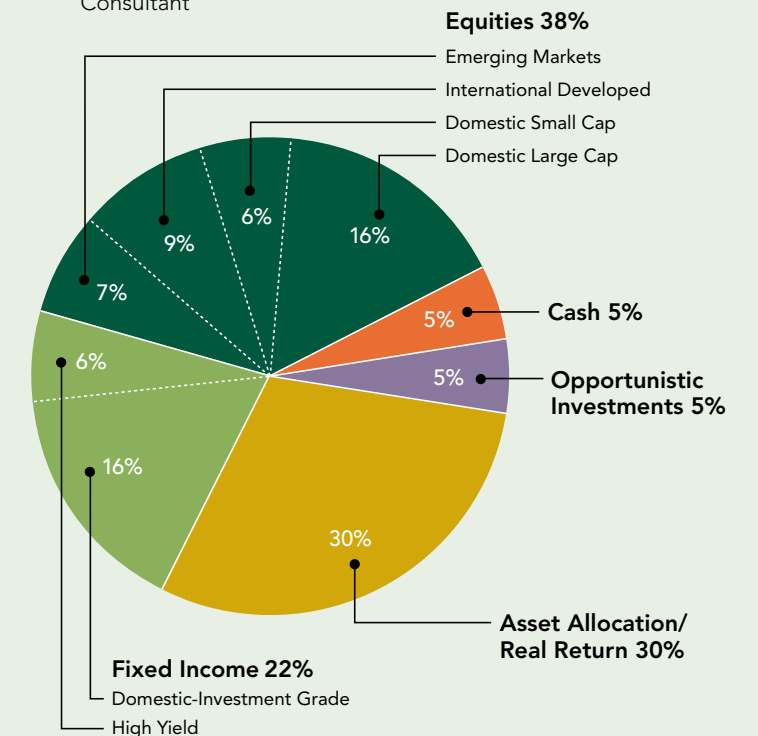

The Community Foundation also measures the success of its endowment portfolio against its target rate of return. The long-term total rate of return target for the endowment portfolio is stated as a range from 7 percent to 9 percent, taking into consideration spending policy, prudent investment expenses, and the fact that capital market conditions and inflation change over time. While the 2011 absolute return of 1.8 percent fell short of the target, due to the low return environment during the year, the Community Foundation's longer-term performance remains competitive with its peers. The Community Foundation's Investment Committee and its consultants, NEPC LLC, meet regularly to monitor performance and review asset allocation, as well as to deal with risks and opportunities as they arise. We thank them for their vigilance, hard work and excellent counsel.
