Organizations seeking consideration under this provision should demonstrate:

- A clear and ongoing commitment to arts and cultural programming
- Meaningful engagement with the community through arts-based work

What We Fund/Do Not Fund

We support:

- Organizational capacity building (staffing, systems, operations)
- Arts and cultural programming and initiatives
- Efforts that expand access, participation, and inclusion in the arts
- Organizations with active programming and community engagement

We do not prioritize:

- Organizations with limited or inactive programming
- Requests that do not clearly demonstrate organizational or community impact
- Newly established organizations with limited operational history may be less competitive for funding
